

# Loki Can Cozie/Pen Holder

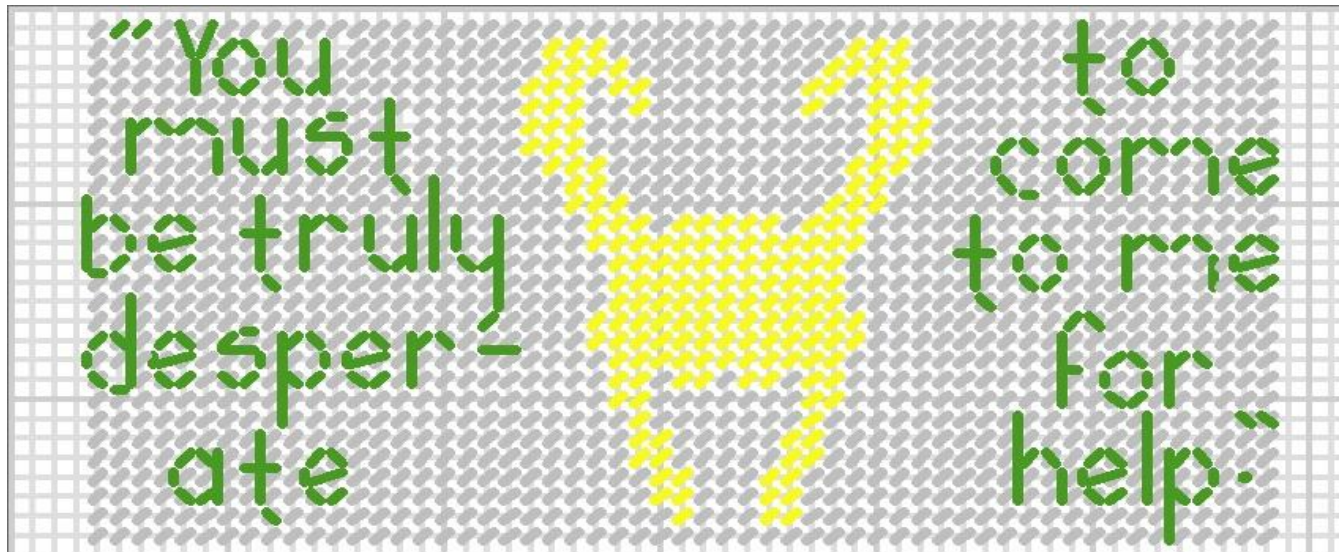

**Main body:** Cut size 7 plastic canvas 28 x 62 holes. Please note that the Paddy Green backstitching for the words uses only 2 ply.

Also note that there are three columns of unstitched areas on either side. This is the overlap area where you will join the sides to make a cylinder. **Bottom:** You will need a 4.25" plastic canvas circle. Cut away the outer 5 rings/rows from the canvas. This piece will remain unstitched. Attach bottom with white. Overcast the

top of project with white to finish.
